### Technical Data
This is a water based acrylic emulsion paint for interior use. The product’s speed of dry allows for two coats to be applied in one day. The product is low odour and environmentally friendly. It has excellent coverage properties. It is completely washable and therefore suitable for kitchens & bathrooms. This emulsion is available in white only from stock but may be tinted to a Mylands Colours Of London colour on request. We also offer a colour matching service which does need to be ordered in advanced (with the exception of metallics).

### Application
Stir well before use. Do not use in extremes of temperature. Use between 8ºC and 30ºC. Before use clean surfaces to be painted ensuring any grease, dirt or flakes are removed. This product is formulated for brush or roller application but can also be sprayed.

### Drying Time
Touch dry: 1 – 2 hours. Recoat time: 3 – 4 hours.

### Coverage
The coverage should be an average of 15m² per litre on an already sealed surface.

### Thinners
This product is formulated for brush or roller application but can also be sprayed. If spraying, product can be thinned by up to 40%. On porous surfaces (e.g. bare plaster) apply Mylands wall primer (500100030) which can be thinned by up to 10% if the substrate is extremely porous. If the surface is extremely crumbly or powdery Stabilising Solution (508590015) can be used to prep the surface (508590015).

### Physical Constants:
VOC Level: 30g/l

### Equipment Cleaning
Wash brushes/rollers immediately after use, in warm water containing a little detergent.

### Packaging
This product is available in 1 litre, 2.5 litre and 5 litre containers.

### Storage
This product must be protected from frost. Store at temperature above 5ºC.

### Shelf Life:
Unopened: 18 months

### Health and Safety
Refer to Mylands MSDS before use.
