**Technical Data**
This is a waterbased emulsion paint for interior use. This product is suitable for woodwork if previous painted finish has been well sanded or if using on painted decorative furniture - apply wax on top of emulsion.

The product's speed of dry allows for two coats to be applied in one day. The product is low odour and environmentally friendly.

It has excellent coverage properties. It is washable and therefore suitable for Kitchens & Bathrooms.

**Application**
This product is formulated for brush or roller application. Stir well before use.

Do not use in extremes of temperature. Use between 8°C and 30°C.

Ensure the surface to be painted is clean, dry and free from grease.

Remove any loose flaking or powdery material. Rub down glossy surfaces with fine waterproof abrasive paper and rinse thoroughly to provide a key.

For porous surfaces (e.g. bare plaster) apply Mylands wall primer (500100030) which can be thinned by up to 10% if the substrate is extremely porous.

If the surface is extremely crumbly or powdery Stabilising Solution can be used to prep the surface (508590015).

Wet edge /lap time can be extended if required, through use of the lap time extender if covering large areas.

**Drying Time**
Touch dry: 1 – 2 hours.

Recoat time: 3 – 4 hours.

**Coverage**
The coverage should be an average of 15m² per litre on an already sealed surface.

**Thinners**
On porous surfaces (e.g. bare plaster) prime wall with Wall Primer (500100030)

**Equipment Cleaning**
Wash brushes/rollers immediately after use, in warm water containing a little detergent.

**Physical Constants**
VOC Level: 15 g/l
<p>| Packaging | This product is available in 1 litre, 2.5 litre and 5 litre containers. |</p>
